Your senior care
experts. Serving
Toronto for over
24 years

Lisa Wiseman BScN, RN,
GNC (C), CHPCN (C)
President and
Registered Nurse

Your parent's successful return home from the hospital starts with being prepared

We provide:

A free in-hospital assessment by a Registered Nurse - The Nurse will explain what it will take to return home safely, and how we can help.

In-hospital PSW care - To provide relief for you and the rest of the family. And to help get your parent activated in preparation for returning home.

Comprehensive discharge assistance led by a Registered Nurse - We help make sure details aren't overlooked and your parent goes home with the medications, devices and assistance that they need.

In-home care - from 4 to 24 hours a day, we can provide the care your parent needs, to minimize the chance of having to return to the hospital.

What makes Eldercare Home Health different from other care providers?

All PSW care is case managed and supervised by a Registered Nurse or Registered Practical Nurse, on an ongoing basis - at no additional cost. Your parent deserves the best, why would you settle for less?

Get the senior care your parent deserves and the relief you need...

Just some of the ways we help:

Dementia care - Our Nurses have years of experience working with clients who have a variety of dementias. And we offer dementia care education to our caregivers.

Parkinson's care - We understand the challenges and medications, and have strategies to help keep things on track.

Personal care - We assist with toileting, safe bathing & other personal care, to help prevent skin breakdown and infection & promote a healthy, positive environment.

Companionship and meal preparation - We provide cognitive stimulation, and assistance with meals. Calorie intake and hydration are essential to maintaining your parent's health.

Reviews

"I can't say enough positive things about the care provided for my 85 year old father with diabetes. Lisa and her team have done an outstanding job." - *R Berman*

Everyone at Eldercare Home Health has been excellent, the caregivers are very caring and attentive to my father. The management and RN's are extremely professional and constantly in contact with family members communicating every issue that arises. I would absolutely recommend Eldercare Home Health to anyone.
- *M Principe*
